

# The 3 Valley Values

Created by **Kiefer**

# 1. Happiness

- Happiness is a very strong feeling that helps people to stay happy at all cost.
- Happiness can come from anywhere like a school event, good news, make something beautiful and even parties make people happy.
- You can never get rid of happiness cause it's part of us, a part of our heart and soul.
  - Will you make the world go rainbows everyday? 😊

## 2. Cooperation

- Cooperation is also a very strong type of value where people come together to create something brand-new.
- Imagine this, someone does this puzzle piece on their own, he was about to give up when someone else comes to help him finish off the puzzle, simple right?
- Well of course it is, Cooperation can also appear anywhere like, when they are stuck in a hole like in Winnie the Pooh, or in Sports.

## 3. Friendship

- Friendship is the last value in this whole presentation.
- It's all about coming together with all your best friends and fight against the bad.
  - Everyone can have friends, you just have to try very hard.
  - Friendship is known as the most best value in the whole wide world, including the World Wide Web.
- It can be seen everywhere, films, TV and even outside your home.
  - You just have to discover it first.

# What's better than all of that?

- **Music. Just music. We hear music everywhere on Earth and they putted a lot of effort into it. Here are the three examples!**
