Dear Parents and Carers,

REF: LOOKING AFTER OUR PUPILS & STAFF

I am incredibly proud of our pupils and our staff, who are determined to be in school if at all possible and to be positive & caring towards each other. As from tomorrow, we are making a few minor changes to maintain the smooth running of the school and to reduce some pressure and anxiety in the current climate.

- We will not be running after-school clubs. This is to allow us to vacate the building more quickly at the end of the day, to support a slightly depleted site team.
- Meetings will be held by phone or by video link, so that we can limit the number of visitors into the school.
- Parents and families collecting pupils at the end of the day will be expected to wait outside the school building, as our reception area is too small to manage a 2 metre gap.

We are aware that there is an announcement due at 5.00 today and that things may change again. For now, thank you again for all the messages of support that I have received.

Please ensure that you check our website before contacting the school office for any updates

Yours sincerely,

Corina Foster
