

## And other stuff about me

### Medical

- Diagnoses of global developmental delay and microcephaly

### Additional needs

- Difficulties with working memory, listening and attention
- Delayed language with mildly disordered features
- Early literacy and numeracy

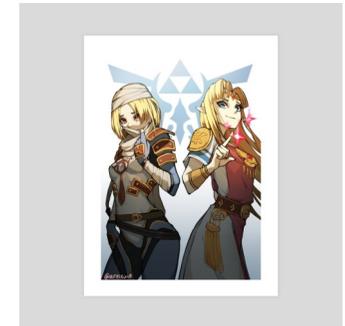

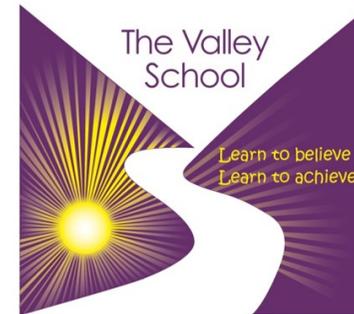

### EHCP Priorities

- To develop meta cognition (understanding the thinking process) in order to support her engagement with materials presented in the classroom.
- To support early literacy and numeracy skills in order for her to make progress in the National Curriculum and to improve her confidence as a learner.
- To develop resilience skills within her friendships.

## Individual Learning Portrait

Name:

Tutor Group: 9BW

## About me

- I like to draw and colour in a lot.
- I like FNAF, Bendy and the Ink Machine, Legend of Zelda with my Dad.
- I have one big sister called Iona.
- I like acting and performing arts.
- My favourite lessons are Art and ICT
- I like music and songs from FNAF and Legend of Zelda.
- I like to go on Youtube and TICTOK on my phone and play Roblox with my friends on my PC.

## This is what I find difficult

- I sometimes find doing maths in my head tricky.
- I find money difficult and can't recognise all my coins.
- I sometimes find timetables difficult.
- Sometimes I get frustrated with my work if I find it challenging.
- I find it hard to be next to someone that is being praised when I feel like I have also worked hard on my piece of work.

## You can help me by

- Providing practical resources for maths work.
- Checking that I understand the work after we have started.
- Giving me lots of praise.
- Letting me have time to work alone

- Sometimes letting me work in a group or with someone else.
- Sometimes letting me draw to let me calm down.

## I will help myself by

- Using practical resources for maths work.
- Having a go at the work first and then ask for help if I need it.
- I will try hard to improve my handwriting.
