Wednesday 5th January 2022

Dear Parents and Carers,

COVID-19 VACCINATIONS FOR STUDENTS – TUESDAY 11TH JANUARY 2022

We have been notified by the Hertfordshire Community NHS Trust today that they will be visiting our school to facilitate the Covid-19 vaccination. They will offer a second dose for those students that have had their first dose and will provide an opportunity for students to have their first dose if they have not already done so.

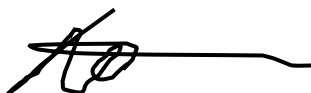

Please find attached letter for your information. This letter has a unique code number highlighted and you will need to click on this to complete the electronic consent form. This needs to be completed **by Noon on Monday 10th January 2022**.

If you have any queries then please contact the Hertfordshire Community Trust directly on the contact number given.

We have queried with the Immunisation Team that our students received their first dose on 2nd November and therefore it is not 12 weeks between the first and second dose. They have confirmed that the gap between the first dose and second dose in a SEND school is 8 weeks. However, if a student has tested positive they are unable to receive either first or second dose until 12 weeks from the positive PCR.

We trust the above makes sense and we look forward to your response.

Yours sincerely

David Pearce
