

The chart shows the destinations of our pupils into post 16 learning over the past 2, Covid hit, academic years. Most of our pupils tend to transition onto the Pathways course at North Herts College (NHC). NHC has started to offer a much wider range of courses allowing our pupils to access higher level courses at an earlier stage in their post 16 careers. They have included, in 2020, Entry level 3 Sport, 2021 Entry level in ICT, L1 Culinary Skills, and childcare courses. Other courses offered by NHC include the very practical Multi Skills course and the Aspire and Springboard provisions which provide that additional tier of support. A small number of our pupil from these cohorts transitioned to the NET provision and a number accessed other provision out of the area, Primarily Oakland's college due to geographical reasons. One pupil in 2020 did not attend his post 16 course despite transition arrangements being put into place and one moved straight into the world of work.
